The timeline I wish I had been born in was the one where Burr won and the central banking system died with Hamilton, but it was not to be.

Romeny is being the jerk he always is (what a disappointment) there was so much hope for him once. And Mckowsia is going to get primaries big time!! even the dems can't save her this time.

The advantage of the MSM shutting down any question about election fraud is that the MSM watchers are left unprepared. Hawley knows more about mail in ballots, the unconstitutional changes before the election, the spikes, than any of these uneducated fools that swallowed the big media narrative.

He also knows that no state supreme court wanted to hear the evidence because they participated in making those illegal changes to election law.

That will be a bombshell for the uninformed senators and general public.
